The BARKBUSTERS® brand of handguards have been designed and manufactured in Australia since 1984. The dedicated team of motorcycle enthusiasts at BARKBUSTERS® are committed to a vision of ongoing development and innovation of new products, and continue to manufacture to the highest possible standards.

BARKBUSTERS® superior design and quality are world renowned. So much so, BARKBUSTERS® produce handguards for OEM customers both in Australia and internationally. Incorporated into the design of all BARKBUSTERS® products are style, strength, durability and ease of fit.

Selecting the right pair of BARKBUSTERS® is now easy with our comprehensive application list and large range of guard options. For the most up-to-date information and to access the world's largest motorcycle handguard application list, visit [www.barkbusters.net](http://www.barkbusters.net)

Choose from Universal Fit – Single and Two Point Mount hardware kits, or bespoke hardware kits from the Bike Specific range. To complement all hardware kits, BARKBUSTERS® offer a range of stylish interchangeable guards to suit the varying weather conditions and changing seasons. The larger the guard, the more protection from the elements and wind chill.

Sometimes, size really does matter...

# SABRE

## MX • ENDURO

- SABRE single point mount (open ended) handguard.
- Designed for Motocross and Enduro bikes.
- Clamps manufactured from high grade aluminium with adjustable fit in 2 side positions.
- High impact resistant moulded plastic guards.
- Low profile guard provides minimalist design with venting for increased airflow.
- Deflectors provide maximum coverage from roost, trail debris and harsh environments.
- Complete set includes guards, top & bottom deflectors as well as all mounting hardware.

## RELATED PRODUCTS

### Spare Part – SABRE Plug Set

CODE: B-085 BIHR: SEE PAGE 37

### Accessory – Bar End Plug

CODE: B-045 BIHR: SEE PAGE 36

### Ultimate Versatile Coverage

Attach the included top and/or bottom deflectors for maximum protection from roost and debris, or go without deflectors for a low-profile, lightweight guard with open venting—both options provide up to 34mm of sideways adjustment.
